

Sales Force Automation

Drive sales productivity, user adoption and consistent best practices with Microsoft Dynamics™ CRM 4.0 for Sales

Streamline and automate your sales processes and enable sales people to create a single view of the customer to help ensure a shorter sales cycle, higher close rates, and improved customer retention. Microsoft Dynamics CRM 4.0 business software gives sales professionals fast access to useful data online or offline so they can work efficiently and spend more time selling.

Microsoft Dynamics CRM 4.0 for Sales

"It's given our advisors a daily discipline for pursuing leads and more time for personal relationships with people. We can identify our best sales people and regiment their best practices."

SHARIE ROBERTS
Membership Manager,
Equinox

The functionality outlined in the above diagram showcases the Microsoft Dynamics CRM capabilities that help organizations effectively manage their sales lifecycle and improve close rates

“One of the things that really attracted us to Microsoft CRM is that, combined with Microsoft Outlook, it’s just like one product. In anything else, you’d be duplicating efforts in two separate products.”

KAREN PLAYFAIR
Director of Finance,
Tourism Whistler

MANAGE WORK MORE EASILY

Offer customer relationship management (CRM) functionality as a natural extension of Microsoft® Office Outlook® 2007 messaging and collaboration client. Manage customer e-mail, appointments, tasks, and contacts from a single business application.

UNDERSTAND YOUR CUSTOMERS BETTER

Create a centralized, customizable view of your customer’s preferences, relationships, and activity history to better understand and meet their needs.

IMPROVE SALES QUALIFICATION

Spend time with the right leads and prospects. Establish consistent follow-up processes and automate sales activities with powerful system workflow.

INCREASE SALES SUCCESS

Shorten the sales cycle and improve win rates with lead and opportunity management, automated lead routing, sales process management, and competitor tracking.

KEEP CUSTOMERS INFORMED

Use simple, wizard-driven sales and marketing features to keep your sales prospects and customers informed of new product and service offerings.

ANALYZE SALES PERFORMANCE

Use flexible reporting to forecast sales, measure business activity and performance, track sales and service success, and identify trends, problems, and opportunities.

DRIVE SUCCESSFUL CUSTOMER INTERACTIONS

Work in a familiar user interface: Manage and monitor all your interactions within a single business application. Automatically synchronize Office Outlook 2007 e-mail, calendar, tasks, and contacts with your Microsoft Dynamics CRM database. Automatically convert e-mail messages into contacts, leads, and opportunities.

Target your communications: Use customizable templates to create and send e-mail messages to targeted prospects and customers. Quickly create and send communications using Microsoft Office Word 2007 Mail Merge.

Work away from the office: Access robust functionality offline or work from virtually any location using the Web client or a wide variety of Pocket PC devices with Microsoft Windows Mobile® software. Update records, study customer data, carry out analysis, and print quotes even when working offline.

Improve data quality: Automatically detect and remove duplicate records to ensure the quality of your customer data.

Do business globally: Compete effectively for global deals and track sales information in multiple languages, currencies, and time zones seamlessly.

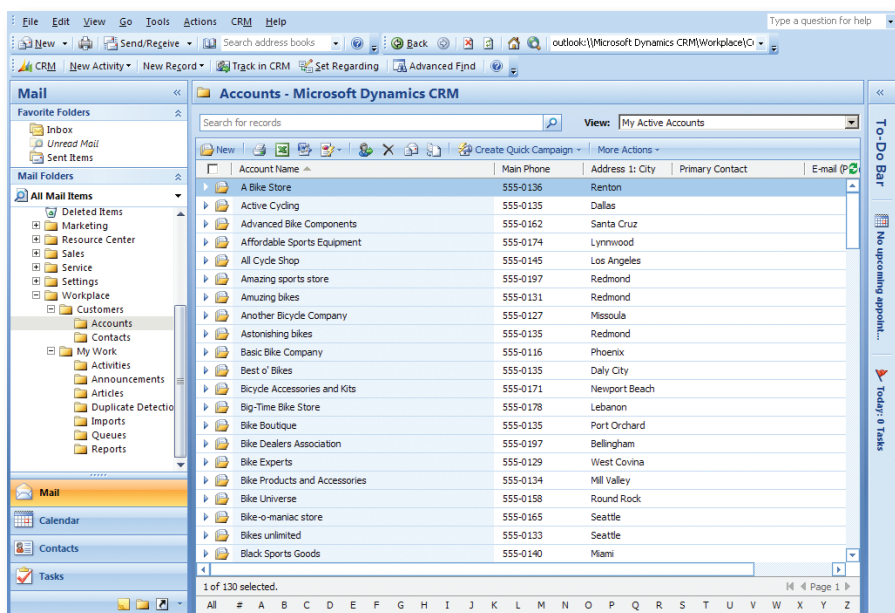

GAIN A COMPREHENSIVE VIEW OF SALES DATA

Gain a complete view of the customer: View and manage account activity and history, including contact information, attributes, meeting notes, attachments, communications, open proposals, and purchased products.

Find information quickly: Use Advanced Find and global search to instantly zero in on key nuggets of information.

Make the right offers: Effortlessly track all interactions, offers, orders, contracts, and relationships associated with your account so that you can offer the right product or service at the right time.

Uncover hidden opportunities: Intuitively track relationships between customers, partners, influencers, and suppliers so you can uncover new opportunities. Understand and leverage complex business scenarios with enhanced support for many-to-many relationships.

Take a holistic and coordinated approach to the management of customers.

MANAGE AND AUTOMATE SALES PROCESSES

Improve lead handling and routing: Easily promote qualified leads to new opportunities with a single click. Automatically deliver the right lead to the right person according to product, territory, dollar amount, or any other criteria.

Manage quotes and orders: Easily create quotes, convert them to orders, then track and manage them throughout their life cycle from proposals to invoices.

Manage territories: Create territories for salespeople, enabling them to manage and evaluate territory-based sales processes and results.

Manage sales and marketing lists: Import purchased lists to fuel your sales efforts. Measure effectiveness and maintain lists for annual sales campaigns.

Manage contracts: Easily add, edit, and track contracts associated with individuals or companies, including maintenance contracts and renewal notifications.

“As the CEO of a global company, Microsoft CRM allows me to log in to all of our remote sites to get a snapshot of what’s going on. I can get a snapshot of what any of my business units are doing, real time, any day of the week.”
